this innovative book is about the place of world cinema in the cultural imaginary it also repositions world cinema in a wider discursive space than is usually the case and treats it as an object of theoretical enquiry rather than as a commercial label the editors and distinguished group of contributors offer a range of approaches and case studies whose organizing principle is the developing idea of polycentrism as applied to cinema they refine and redefine key concepts in film studies including identification and identity narrative and realism allegory and the national project auteurism and the popular art and genre they re evaluate how cinema shapes and responds to the philosophical cultural and political effects of transnationalism and cosmopolitanism in the age of the moving image and explore the interconnectedness of films produced worldwide as well as the links between cinema and other visual cultural forms the contributors include john caughie felicia chan tiago de luca rajinder dudrah song hwee lim laura mulvey lucia nagib geoffrey nowell smith chris perriam ashish rajadhyaksha paul julian smith and ismail xavier

epi just as one cannot not communicate you do not have the option of not using power epi for every definition of leadership you can find a definition of power that makes the same statement hence every act of leadership is an act of power and the better we understand power the better we understand leadership and we misunderstand power scholars lament in part by under understanding power we equate it merely with coercion and competition but miss how power dynamics define leadership education coaching teamwork parenting etc here is a brief contextual synergistic occasionally ironic study of power which provides numerous lenses through which to examine leadership settings including how they differ this study in specific framed pages ultimately focuses on a unique leadership setting the local church it ponders distinct challenges faced by church leaders and by the church s leader jesus christ

the handbook provides a comprehensive statement and reference point for hazard and disaster research policy making and practice in an international and multi disciplinary context it offers critical reviews and appraisals of current state of the art and future development of conceptual theoretical and practical approaches as well as empirical knowledge and available tools organized into five inter related sections this handbook contains sixty five contributions from leading scholars section one situates hazards and

disasters in their broad political cultural economic and environmental context section two contains treatments of potentially damaging natural events phenomena organized by major earth system section three critically reviews progress in responding to disasters including warning relief and recovery section four addresses mitigation of potential loss and prevention of disasters under two sub headings governance advocacy and self help and communication and participation section five ends with a concluding chapter by the editors the engaging international contributions reflect upon the politics and policy of how we think about and practice applied hazard research and disaster risk reduction this handbook provides a wealth of interdisciplinary information and will appeal to students and practitioners interested in geography environment studies and development studies

this book analyzes the influence of the cuban revolutionary government on the evolution of the afro asian peoples solidarity organization aapso the author argues that cuba s accession to aapso and the convocation of two solidarity conferences 1966 1967 in havana initiated a political shift for the organization the cuban revolutionary government thus promoted the inclusion of latin american delegations that represented their countries leftist and pro cuban dissidence as well as rural guerilla movements adding to that fidel castro s independent stance towards aapso s two main financers the ussr and the pr china fostered a gradual emancipation of the postcolonial organization from the dominance of its sponsors the book offers a better understanding of the theoretical foundations of cuba s foreign policy and explains how havana used the two solidarity conferences to better the island s international prestige at times of diplomatic isolation retracing the diplomatic influence of a small but key diplomatic actor of the cold war this study will appeal to postcolonial and latin america scholars as well as to academic researchers in contemporary history and political sciences

using a blend of global intellectual and cultural history this book explores the geopolitics of juan perón and their relationship to and impact on the international history of the mid 20th century beginning with perón s formative years it analyzes the concepts that helped shape his anti imperialist views and traces these ideas over decades from his time in the argentine army through his rise to power downfall and eventual death in 1974 dissecting how notions of imperialism nationalism and decolonization fueled his ideology and approach to foreign policy juan perón s anti imperialist geopolitics takes a long term approach to understand his geopolitical evolution over time while peronism has continued to be an influential movement

in argentine politics and remains a lively research topic perón's geopolitics have received scant attention despite their significance to his popularity and legacy this book offers a corrective to this situating peronism argentina and latin america on the international stage during the 20th century from his pioneering role in the era's anti imperialist solidarity movement his expansion of the peronist development model to a global model and his efforts to establish a post imperial world through the non aligned movement juan perón's anti imperialist geopolitics argues that perón merits recognition as a leading 20th century geopolitical thinker
